## Brochure for Pre-enrolment information

### (PB) Concrete Placing Boom

Training and Assessment (2 days)

### **CPCCLBM3001 Licence to operate a concrete placing boom.**

#### Course Objective

To provide applicants with the practical skills and knowledge to safely operate a concrete placing boom (PB) in accordance with Safe Work Australia's National Standard for Licencing Persons Performing HRW. All training and assessments are carried out by our own HRW trainers and assessors certified by Worksafe Victoria.

#### Course Prerequisites

- Applicants must be 18 years of age to undertake the training and assessment.
- Ability to read, write, speak, and understand basic English.
- Applicants must understand basic mathematics which includes the use of formulas.
- 100 hours practical experience either in a log book or on a company letterhead

**Note:** RPL pathway is not available for this course due to licencing requirements of the training course. Refer to RTO Condition 4.7 for conducting assessments.

#### Training Methods

##### Knowledge

- Face to Face Classroom, training knowledge course guide, with the use of white board, samples of equipment, simulated workspace and or roll play.
- Questioning, observation, working through student workbooks, course assessment.

##### Performance

- Trainer to demonstrate full hazard identification of performance area, risk controls to ensure a safe working environment.
- Demonstration of the performance criteria for the safe operation of a concrete placing boom in accordance with the Australian Standards by trainer and student.

#### Course Outcomes

On successful completion of the course assessment applicants will be issued with:

- Nationally Accredited Statement of Attainment

On successful completion of the of the HRWL assessment applicants will be issued with:

- Notice of Satisfactory Assessment (NOA)
